Reason there are fewer than three comparable properties

☑ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

No directly comparable sales have been identified within the past six months that closely align with the indicative range of $3.0 million to $3.3 million. The available recent evidence is limited for substantial two-bedroom residences of comparable scale, architectural significance, outlook and position within the Domain Precinct. The subject's elevated position within the Robin Boyd-designed 193 Domain Road building, together with its panoramic city views and proximity to the Royal Botanic Gardens, differentiates it from many recent transactions and limits the availability of directly comparable sales evidence.

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
