Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The property is located within a unique area where properties vary considerably in size, features, improvements and overall value. There are fewer than three genuinely comparable properties within a five-kilometre radius that have sold within the past 18 months. Many properties in the surrounding area are positioned at a significantly higher price point and feature additional improvements such as swimming pools, tennis courts, and other lifestyle amenities, making them unsuitable to compare.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
