## Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Following a search of available sales data, no comparable properties meeting the required criteria were identified. In particular, no recent sales were found that sufficiently matched the property's configuration as a double-storey home comprising five bedrooms, two bathrooms and a double garage, while also reflecting a similar age, condition and overall property characteristics. The estimated selling price has therefore been determined having regard to the available market evidence and the property's individual features.
