Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Only two comparable properties have been selected due to the unique nature of the subject property, being one of five townhouses on a shared block with a common driveway and Owners Corporation fees of approximately $2,800 per annum. These factors limit the availability of directly comparable sales.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.

Sale price	$982,500	Unconditional sale date	14/11/2026
