Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There have been limited recent sales of properties of a sufficiently comparable nature in St Kilda within the past six months. The property's unique penthouse position, prominent beachfront location, substantial proportions and uninterrupted outlook make it a particularly rare offering within the local market. Accordingly, fewer than three directly comparable sales have been identified, with the available sales evidence considered having regard to the property's individual characteristics.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
