Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The property’s location on the main road has been taken into consideration, with a 10% discount applied to the sale price when compared with comparable properties located on side streets. Further adjustments have been made to reflect the property’s condition and layout. In particular, the property comprises three bedrooms and one bathroom, rather than the standard four-bedroom, two-bathroom configuration. These factors have also been reflected in the assessed price.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
