Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Only two comparable sales have been provided due to the limited number of recently sold properties within the surrounding area that closely align with the subject property's key characteristics, including its two-bedroom, one-bathroom configuration, single car space, property type and price range. These two sales represent the most relevant and suitable comparisons available within the past six months.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
