Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The property is located within an area with sales that do not reflect the size of this particular property. Given the limited number of recent transactions and the variation in land size and property characteristics, there are fewer than three genuinely comparable properties within a five-kilometre radius that have sold within the past 18 months. As a result, there is insufficient recent sales evidence to establish reliable direct comparisons, and the property must be assessed on its individual merits and the available market evidence.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
