Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The property combines a 2,165 m² waterfront allotment, north-facing panoramic bay views and advertised beach and jetty access. Sales sharing these features are limited. 142 Bay Shore Avenue is the closest comparison, with a 2,125 m² waterfront allotment. Other waterfront sales, including 154A Bay Shore Avenue on 582 m², differ materially in land size and accommodation, limiting direct comparability.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
