Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Fewer than three comparable sales were identified within the prescribed period and radius due to the subject property's substantially renovated period-home character, significant 993m2 landholding, scale and accommodation. Other properties sold within the prescribed parameters were not considered comparable as they were of a materially different property type, style, configuration and/or overall character to the subject property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
