Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Comparable Sales – 18 Spring Road, Junction Village

Due to the individual characteristics, location and specific features of the property at 18 Spring Road, Junction Village, I have been unable to identify three directly comparable recent sales that accurately reflect the property and its market value.

I have undertaken extensive research and reviewed the available sales evidence in the surrounding area, considering properties with similar characteristics wherever possible. However, there are limitations in the number of genuinely comparable properties available, and the sales identified differ in certain aspects, including land size, improvements,

location and overall property presentation.

I have made every reasonable effort to source the most relevant and reliable comparable sales information available to support the assessment. Where exact comparisons have not been possible, I have considered the closest available evidence and applied my professional experience and knowledge of the local market.

I believe I have done my best to provide a fair and reasonable assessment based on the information and sales evidence currently available. The absence of three directly comparable sales is due to the unique nature of the property and the limited availability of suitable evidence, rather than a lack of due diligence or research.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
