Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

No suitable comparable sales have been identified within the applicable geographic area and prescribed timeframe for 35 Walshes Road, Catani. The property's combination of approximately 8.17 hectares (20.19 acres), a five-bedroom residence, three bathrooms, fencing and stables distinguishes it from smaller residential properties and rural holdings with materially different accommodation or improvements.

The estimated selling range reflects my assessment of the land size, location, residential accommodation, condition, fencing and stables, supported by my experience in the local acreage market and broader sales evidence outside the prescribed comparable-sale criteria. This broader evidence has been assessed with allowances for differences in land area, accommodation, improvements and location.
