Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Due to the unique characteristics of the property, including its substantial land size, high-end construction and bedroom configuration, fewer than three comparable sales have been identified within the specified radius over the past six months. Additional sales considered include 19 Charles Street, Mount Eliza, which sold for $3.65 million on 18 April 2026; however, this sale falls outside the six-month reporting period and has been considered as supplementary market evidence only.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
