Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Only two comparable sales have been selected for 151 Dendy Street, Brighton East, due to the limited number of recently sold properties with similar characteristics, land size, accommodation and overall appeal. These two sales provide the most relevant market evidence, while additional properties were excluded due to significant differences in size, condition, location or configuration, which could compromise the accuracy of the comparison.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
