## Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties were sold

I believe there are fewer than three truly comparable sales for this property. Its unique features, such as the 2,606 m<sup>2</sup> land size, are uncommon in the area, and it remains in original condition, whereas most properties of this era have since been renovated or updated

## Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
