Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The asking price of $369,000 for 18 Corins Crescent, Newlands Arm, reflects the property's substantial 4,832sqm (approx.) land area, desirable corner position and sought-after residential location. The generous allotment offers excellent flexibility for future residential development (STCA), with ample space for a substantial home, shedding and outdoor living. Its proximity to local walking trails, established homes and the natural attractions of Newlands Arm further enhances its appeal. Large residential landholdings of this scale are relatively uncommon in the area, contributing to the property's unique market position. With no recent directly comparable sales within a 5km radius, the asking price has been determined by considering the land size, location, usability, development potential and broader market conditions.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
