Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Due to the unique nature of 1/9 Yellow Gum Place, Torquay, there are currently no directly comparable properties that have sold within the past three to 12 months that accurately reflect the property's key attributes.

The home is an architecturally designed residence, constructed approximately seven years ago, and offers a high level of finish with quality fixtures and fittings throughout. While there are properties within the broader Torquay market, particularly surrounding the Deep Creek Reserve precinct, that may present with similar bedroom, bathroom, and land size configurations, they do not offer a comparable level of internal design, build quality, or overall presentation.

In addition, the property's position backing directly onto Deep Creek Reserve is a significant point of difference. The outlook is protected, with no ability for future development in front of the home, and includes direct access to established walking tracks, further enhancing its lifestyle appeal.

Taking these factors into account, the property is considered to be unique within the current marketplace, and as such, recent sales do not provide a true like-for-like comparison.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
