Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Following a review of sales within two kilometres of 5 Wombat Court, Eltham, over the past six months, no suitable comparable sales have been identified. The property comprises four bedrooms, a study, two bathrooms and five car spaces on approximately 6,052 m² of land. Its combination of substantial land size, a private head-of-court position, multiple living areas and a separate workshop, home office and rumpus room distinguishes it from the sales reviewed. No properties were considered sufficiently comparable in their overall accommodation, land size, setting and condition.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
