Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

No comparable residential homes were identified within the relevant area and period to provide a reliable basis for determining the estimated selling price. Due to the lack of comparable sales evidence, the estimated selling price has been determined by considering the property's individual characteristics, location, zoning, land size, development potential (where applicable) and current market conditions.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
