Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Due to the unique nature, size and location of the property, there are limited directly comparable recent sales available within the relevant period. The property comprises approximately 3,600m² of land, which is significantly larger than the majority of comparable residential properties in the surrounding area. Accordingly, fewer than three directly comparable properties have been identified. The available comparable sales have been considered in determining the estimated selling price, with appropriate consideration given to the significant difference in land size, property characteristics and overall offering.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
