These are the three most comparable properties to the property for sale that were sold ~~within two kilometres~~ of the property for sale ~~in the last six months~~.

If there were fewer than three, but one or two, comparable properties, these must be included below.

These properties were used to help determine the estimated selling price.

Reason there are fewer than three comparable properties

☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Fewer than three comparable properties were identified as having sold within a 2km radius of the property during the past six months. Due to the limited number of recent comparable vacant land sales, there is insufficient comparable sales evidence within the specified area and period to determine the estimated selling price using three comparable properties.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
