Reason there are fewer than three comparable properties

☒

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties were sold

29 Queensridge Grove was difficult to compare against recent sales because it's quite unique for the area. It's a modern build on a large block, and with four bathrooms it sits well above what most homes in this market offer. Very few properties combine those features, so there weren't any recent sales that were truly like-for-like.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
