Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There were no comparable properties within the search criteria however we believe that 13 Huntly Av MOOROOLBARK is the closest comparable but Chevalier is worth more as it has a larger alfresco area, is a split level home not double storey and on twice as much land.
