Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The property requires extensive renovation and is not considered habitable in its current state. There is no functioning bathroom or toilet, and the dwelling has been subject to multiple break-ins and significant deterioration. These factors have been taken into consideration when determining the indicative selling price. This property is being repossess by the bank, the property is very ran down, very poor condition and it has been break in and out multiple times by squatters and the toilet was stolen.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
