Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

81 Whittens Lane is considered a unique property, comprising approximately 726 sq m of land with unfinished construction currently on site. The selected comparable properties have been chosen primarily based on their comparable land size and overall relevance to the subject property. Due to the unusual nature and current unfinished condition of the property, there is limited directly comparable sales evidence available. As a result, only two comparable properties have been selected, as these are considered the most relevant available comparisons.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.

Sale price	$1,121,000	Unconditional sale date	16/10/2026
