Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

No sufficiently comparable sales were found within a 5 km radius of the property during the past 18 months. No sale in the search area was considered sufficiently similar to this rural property in its combination of approximately 40.47 hectares of land, four bedrooms, two bathrooms and car accommodation. Accordingly, no comparable sales are listed.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
