Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Greater emphasis has been placed on properties positioned on main roads. Given the limited availability of directly comparable sales, fewer than three relevant sales have occurred within a 2km radius of the property over the past six months, providing limited recent market evidence. The agent considers 90 Thompsons Rd BULLEEN which met the comparable sales criteria when the ESR was originally determined, to remain the most relevant and comparable property for assessing the current price.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
