Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The price change is based on current market conditions, with limited buyer interest and reduced inspection activity. Recent interest rate increases have also contributed to more cautious buyer behaviour and softer market conditions. The property has been enhanced throughout, creating a modern, well-presented home with improved functionality and buyer appeal compared to many established homes in Williams Landing. Taking these factors into consideration, together with the property's location and prevailing market conditions, we now estimate the subject property to achieve a sale price in the range of $1,250,000 and $1,350,000.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
