Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

A search for comparable vacant land sales has been undertaken with consideration given to the specified area and size parameters applicable to the subject property. Due to the limited availability of comparable vacant land transactions meeting the specified area and/or size constraints, no directly comparable properties have been identified within the relevant market and assessment period. Accordingly, there are insufficient comparable properties that satisfy the specified criteria to provide a meaningful direct comparison. The absence of qualifying comparables has been noted and taken into consideration in the assessment. Where appropriate, broader market evidence may be considered to provide context, having regard to differences in land area, location, zoning, development potential and other relevant characteristics. This statement is provided for PPS compliance purposes and reflects the availability of market evidence meeting the specified search parameters at the relevant date. Furthermore, PROPTRACK does not provide median price

data for vacant land.
