Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

This is a rare offering of over 1000m2 with plans and permits to build two homes, one 22sq the other 30sq approx., and then sub dividable into two separate blocks of over 500m2 each and therefore there is not 3 reasonable comparable sales within a 2klm radius in the past 6 months.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
