Reason there are fewer than three comparable properties

☑ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

No directly comparable sales have been identified within the past six months that closely align with the indicative range of $5.2 million to $5.5 million. Recent sales evidence is limited for high-end, three-bedroom apartments of comparable scale and specification within the Domain Precinct. The subject's position on Millswyn Street, together with its proximity to Fawkner Park and the Royal Botanic Gardens, places it within a tightly held and highly sought-after pocket, limiting the availability of directly comparable recent transactions.

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
