Reason there are fewer than three comparable properties

☐ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Comparable sales selection note: I have selected these three sales as relevant comparisons when assessing the revised indicative selling price range of $795,000–$870,000 for 15 Station Street, Somerville. All three are Somerville houses with two bathrooms, with differences in bedroom numbers, internal floor area, land size and car accommodation providing useful points of comparison. The subject property has four bedrooms, 152 m² of internal floor space and 717 m² of land. Somerville has a diverse mix of homes varying in size, age and extent of renovation, with some properties having quite unique features, so direct like-for-like comparisons are not always available. These sales are therefore considered together, recognising their individual differences rather than treating any one property as an exact match.
