Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Apartment was listed $250,000-$265,000 due to the vendor reserve being $250,000 which formulated the bottom of the range. Comparable properties were kept to within the building as majority are similar studio apartments. 3 comps were not met as only one other apartment sold this year with a carpark like our apartment, which formed the top end of our

ISP due to the apartment having a slightly nicer renovation and we took into account our view will soon be build out by a development across the road.
