Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The 2 mentioned properties are considered comparable properties, being four-bedroom, double garage family homes located within the same area. 2 Hawksburn Place is brandnew and largest of the three on 638sqm and has 4 bathrooms and approximately 37 squares of accommodation sold for $1,050,000. 11 Gibdon Way is situated on a smaller 470sqm allotment sold for $945,000, providing a useful comparison for a 4 bedroom home on a more compact block. 133 Blackmore Road is positioned on 535sqm and is currently marketed at $950,000–$995,000, has similar 4bedroom, 2bathroom and double garage setup. Overall, these properties demonstrate that buyers place different values on land size, dwelling size, age, accommodation and level of finish, with newer homes on smaller allotments competing with larger homes on more substantial land.
There have also been double storey properties sold within a similar price range, some being newer homes on smaller

allotments. Ultimately, buyer preferences play an important role, with some buyers favouring newer double-storey homes, while others prefer the space, convenience and practicality of a larger single storey home.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
