Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The estate agent or agent's representative reasonably believes that fewer than three comparable properties were sold within 5 kilometres of the property for sale in the preceding 18 months.

Specifically, while sales of standard, original-condition or partially updated 2-bedroom units occur within the complex (130 Lambert Street) and broader Ararat, there is a complete absence of transactions involving units that have undergone comprehensive, high-spec modernizations. Recent local sales within the complex—such as Unit 5 (\$280,000) and Unit 11 (\$280,000)—reflect standard or original-condition finishes and serve as an inaccurate pricing benchmark. Comparing Unit 9 to unrenovated unit stock fails to account for the substantial capital investment, premium fixtures, and superior interior presentation. Due to the unique extent of modernisation relative to both the complex and the surrounding

unit market, no directly comparable sales exist within the statutory timeframe and geographic radius

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
