Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties were sold

There seems to be only one similar property that is a Duplex that has sold recently, and that is 46 Princess Road, Corio (sold Oct 2026 for \$395k). Its very original and Inferior to the subject,

Conclusion: 7 Illinois Ave, Corio does have solar panels, new carpet and flooring so it sits above 46 Princess Road, Corio.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
