Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Fewer than three comparable sales were identified within the past six months that closely matched the subject property's features and standard of accommodation. The included five-bedroom property on this PPS was the only other five-bedroom sale identified within this period and has been included for comparison despite its higher sale price. This property is substantially superior in design, finishes and features, comprising five bathrooms and partial water and city views, which contribute to its higher value relative to the subject property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
