Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The estate agent or agent's representative reasonably believes that fewer than three comparable properties were sold within 5 kilometres of the property for sale in the preceding 18 months.Specifically, Stawell experiences extremely low transaction volumes for consolidated double allotments (numbers 50 and 52) offering a combined large-scale residential footprint within an established township location. Recent sales of standard single-dwelling properties on compact or typical allotments (600 - 800m2) were excluded as they lack the site utility, substantial shedding infrastructure, and future subdivision or re-development potential (STCA) of a dual-title holding. Likewise, large rural-fringe acreage parcels were excluded due to their peripheral location and lack of central township amenity. As a result of these unique physical characteristics, site scale, and strategic buyer appeal, no directly comparable sales of similar land scope, accommodation, and improvement level exist within the statutory timeframe and geographic radius.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
