Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

A comprehensive search and comparative market analysis of recent sales within the statutory radius and timeframe indicates that there are insufficient directly comparable properties available. 7 Winalla Avenue has undergone a complete, high-end transformation featuring an extensive architectural extension and superior luxury finishes throughout the entire residence. Key distinguishing factors include full exterior re-rendering and bespoke, top-of-the-range appointments across every interior zone—most notably top-tier natural marble finishes throughout the kitchen and all bathrooms.

Due to the comprehensive, turnkey nature of these high-grade finishes and the exceptional quality of workmanship

applied across the whole home, standard local sales reflect significantly lower architectural, material, and qualitative standards. Consequently, the estimated selling price directly incorporates a premium reflecting these extensive capital improvements, determined through broader luxury market indicators and localized demand for high-end residential properties.
