Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

There are no direct comparable sales within 2 km over the past six months. Indirect comps include 52 Croydon Road and 17 Jarvis Road, both with one less bedroom. The closest comparison is 16 Laird Street, which sold for $1,100,000 and differs by only one bathroom. However, it requires significant external renovations, including replacement of most weatherboards and landscaping. The subject property does not require works to the same extent and therefore presents in better overall condition. As such, this sale provides a useful, although not directly comparable, indication of value.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
