Reason there are fewer than three comparable properties

☐

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

No comparable properties have been identified for this property. The property is significantly larger than the recent sales available in the relevant market area, limiting the number of suitable comparisons. In addition, the property's location provides unique characteristics that are not readily reflected in recent comparable sales, including direct water views and its position directly opposite the local boat ramp. These factors, combined with the property's overall size and location, make it difficult to identify sufficiently similar recent transactions to provide a meaningful and reliable comparison.
