Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There are considered to be no directly comparable sales for the subject property due to its unique configuration. The property comprises a weatherboard cottage-style residence situated on a full-sized allotment, however provides a smaller dwelling and accommodation configuration than other properties sold within the surrounding area. As a result, surrounding sales are not considered sufficiently similar to provide a reliable direct comparison.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.

Sale price	$731,500	Unconditional sale date	28/10/2026
