Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There have been no comparable double-storey terrace sales within 2km of the subject property in the last six months. Recent sales in the area have been predominantly single-storey cottages, apartments, larger detached homes, which differ materially in land size, floor area and configuration. The indicative selling price has therefore been determined with reference to sales over the past 12–18 months, current market conditions and the agent’s assessment of buyer demand, adjusted for current market conditions.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.

Sale price	$2,250,000	Unconditional sale date	25/10/2026
