Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The property comprises five bedrooms, four bathrooms, five toilets and a double garage. Due to its distinctive features and generous accommodation, there have been no directly comparable properties sold recently within the immediate area. Furthermore, the area is relatively new and continues to undergo development, resulting in limited recent sales data. Consequently, identifying closely comparable sales to accurately assess the property's market value is challenging.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
