Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

At the time of preparing this Property Price Statement, no suitable comparable property sales have been identified that closely reflect the subject property's characteristics and estimated price point. Recent sales within the surrounding area have been reviewed; however, differences in property features, accommodation, land size and overall market positioning limit their suitability as direct comparisons.

Accordingly, there is currently insufficient directly comparable sales evidence available to provide a meaningful like-for-like comparison. The estimated selling price has been assessed based on the available market information and the property's individual characteristics.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
