Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There is only one directly comparable property, considering its 3-bed, 1-bath, 0-car configuration, land size, internal size and original features. 17 Archer Close, Lilydale was considered due to its similar location and comparable internal and external condition. However, it has an additional bathroom and two additional car spaces, making it a superior configuration to the subject property. Despite these differences, the property provides relevant market evidence and assisted in determining the agent’s estimate based on its similarities and differences to the subject property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.

Sale price	$780,000	Unconditional sale date	26/10/2026
