Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The property is being offered for sale as an entire development comprising four townhouses, rather than as individual dwellings. No sales of a sufficiently similar nature, being a completed four townhouse development sold in one line, were identified within the relevant period and prescribed geographical area. Accordingly, fewer than three genuinely comparable sales were available.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
