Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There are no comparable properties identified due to the character clinker brick style of this home, internal condition and overall level of presentation being mostly original has limited what has recently sold within the parameters required. There were 2 sales outside of the parameters which have assisted the agent in their estimated selling range.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
