Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

A search of sales within 5 km over the past 18 months did not identify a sufficiently comparable rural residential property. No sale in the search area was considered sufficiently similar to this home in its combination of four bedrooms, two bathrooms, six-car accommodation and land size of approximately 2.02 ha.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
