Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Only two (2) recent sales within a 2 km radius over the past six months have been identified that feature the same weatherboard/cladding construction as the subject property. While other properties with similar internal configurations have sold within the surrounding area, these properties differ in their external construction and are therefore considered less suitable for direct comparison.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
